Our approach maximizes your overall savings.

Ticket Avoidance:

Your drivers are the first line of defense against receiving parking tickets. We provide:

- Parking awareness training and reference materials for drivers to use when searching for a parking spot.
- Email and text message updates alerting you of parking regulations and construction activity affecting road closures.

Ticket Fighting:

We put our 40+ years of industry experience to work for you:

- Our customized 35 point analysis identifies all applicable defenses.
- Our two attorneys fight your tickets in a live Court setting.

Management Reporting:

We prepare customized reports to help you:

- Analyze the types of violations your fleet receives and identify your drivers' trends.
- Analyze parking ticket activity and effectively manage the process to minimize costs.
